Taxes must be raised to ensure an income, and then portions allocated to public services such as policing and roads.. We start the game on an empty area where we will develop our city In selected sectors, you can create zones for residential, commercial and industrial purposes.. So you better pay attention to the signs and keep going on like a real professional.. The game also includes 8 pre-defined time-limited scenarios, with specific challenges and targets.. Make sure to consider which sites are effective for which tasks Some power sources pollute, others don't but are more expensive.
